ABOUT THE NATIONAL FALLEN FIREFIGHTERS FOUNDATION

The United States Congress created the National Fallen Firefighters Foundation to lead a nationwide effort to remember America's fallen firefighters. Since 1992, we have developed and expanded programs to honor fallen fire heroes and assist their families and co-workers. We also work closely with the U.S. Fire Administration and other major fire service organizations to help prevent and reduce line-of-duty deaths and injuries. For more information on the NFFF and its programs, visit www.FireHero.org.
